DECORATING, GLASS & BUILDING CENTRES

Rustoleum Combi Color

Rust-Oleum Combi-Color is a primer and a topcoat in one that provides protection for years, in minutes. A high quality, one coat maintenance system for metal that can even be applied directly to rust! Rust-Oleum Combi-Color has excellent opacity and sag resistance leaving no brush or roller strokes and provides good drying properties even at low temperatures.

Sizes: 1Ltr, 2½Ltr
Finishes: Satin, Gloss
Colour Range: BS4800, RAL, NCS and a range of other manufacturers colours
Primary Uses: Highly Durable finish for all metal surfaces. Interior and exterior use.
Solvent Based

Rustoleum Floorcoat Polyurethane

Floorcoat PU (7200) is a single pack easy to apply solvent based urethane modified alkyd floor coating specially designed for applying on dry concrete, wood and masonry for interior and exterior use. Also ideal as a line marking product. The coating has a good resistance against abrasion and neutral detergents (no alkaline cleaning agents) and is resistance during short contact periods against lubricating oils, fuel, petrol etc.

Can be used on smooth surfaces such as powerfloated concrete, tiles and previously coated floors when used in conjunction with the Rustoleum Floorcoat PU Primer.

Sizes: 2½Ltr, 5Ltr
Finishes: Satin, Gloss
Colour Range: BS4800, RAL, NCS and a range of other manufacturers colours
Primary Uses: Exceptionally durable single pack floor coating. Interior and exterior use.
Solvent Based

Rustoleum Pegakote

Pegakote® is the number one floor brand in the Mathys® range. The water-based epoxy can be applied directly to most mineral substrates. Pegakote is extremely durable, making it ideal for garages, warehouses, showrooms, corridors, covered car parks and workshops. Very easy processing and good flow properties.

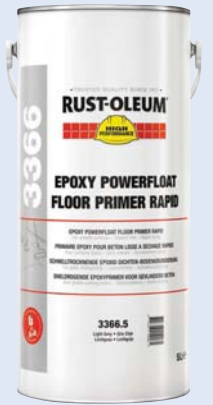

Sizes: 4Kg, 15Kg
Finishes: Semi-Gloss
Colour Range: BS4800, RAL, NCS and a range of other manufacturers colours
Primary Uses: Exceptionally hard wearing, cost effective 2 pack water based floor coating. Interior use.
Water Based

Rustoleum 3366 Powerfloat Primer

Rapid curing primer for use on smooth floors, like power-floated concrete and tiles.

- Over-coatable after just 3 hours: apply primer and topcoat in one day!
- Light grey colour to increase opacity of the next layers
- Water-based so no odour and safe to use
- Excellent flow
- 2 components (base and activator) in 1 can

For use on dense, smooth floors like power-floated concrete, quarry tiles and ceramic tiles. Product can be used in combination with all Rust-Oleum® or Mathys epoxy and polyurethane coatings. For any other coating, we recommend a test for suitability.

Sizes: 5Ltr
Finishes: Satin
Colour Range: Light Grey Only
Primary Uses: Primer for powerfloated floors and other very smooth surfaces, very fast drying. Interior and exterior use.
Water Based

Rustoleum Murfill

Elastic, waterproofing and water vapour permeable (breathable) masonry coating - excellent resistance against ageing in normal and industrial environment - protects reinforced concrete against carbonisation and corrosion - can be combined with Murfill fleece for additional mechanical reinforcement and for bridging of (active) cracks. Can be used on lime render and is an approved product for Trinity Lighthouses. Manufacturer warranties for masonry waterproofing available.

Sizes: 6kg
Finishes: Satin Matt
Colour Range: BS4800, RAL, NCS and a range of other manufacturers colours. Exterior use.
Primary Uses: Waterproofing, breathable masonry paint. Exterior use.
Water Based

Bollom Flameguard

Flameguard™ Ultra is a Class 0 rated protective and decorative top coat for interior walls and trim. It is as easy to use as conventional paints and provides a high quality durable finish.

Can be used to upgrade broad walls, ceilings and trim to class 0 fire rating. Can also be used as a decorative finish over the Bollom Brosteel intumescent paint system.

Sizes: 2½Ltr Gloss, 5Ltr Vinyl Matt & Acrylic Eggshell
Finishes: Vinyl Matt, Acrylic Eggshell and Solvent Gloss
Colour Range: BS4800, RAL, NCS and a range of other manufacturers colours
Primary Uses: Decorative Fire Retardant Topcoat. Interior use.
Water Based

Blackfriar High Traffic Floor Paint

An exceptionally hard-wearing, high performance, easy-to-clean 2-pack floor coating, ideal for indoor and outdoor use. The most durable floor paint in our range, designed for exceptional durability for industrial floors. Very fast curing means that vehicular traffic such as fork lift trucks can use the floor as quickly as 3 days after application.

Sizes: 5Ltr
Finishes: Semi-gloss
Colour Range: BS4800, RAL, NCS and a range of other manufacturers colours
Primary Uses: Ultra hard wearing two pack floor paint. Interior and exterior use.
Solvent Based

Blackfriar Acrylic Floor Paint

Protects and transforms floors with an attractive, hard wearing tough and durable finish. Ideal for most surfaces including wood, concrete, asphalt and tarmac in light traffic areas.

Sizes: 5Ltr
Finishes: Semi Gloss
Colour Range: BS4800, RAL, NCS and a range of other manufacturers colours
Primary Uses: Durable water based floor coating. Interior use.
Water Based
