TERMS & CONDITIONS | All Prices shown include VAT

Kent Blaxill terms and conditions of sale apply. Goods subject to availability. Delivery service subject to availability, within Kent Blaxill's distribution area. Prices were correct at time of going to press, we reserve the right to amend prices due to manufacturers price increases without notification. Colours are as accurate as the photographic and printing process allows. All goods shown are available from stock at our Colchester branch (unless otherwise stated), and are also available via our Bury branch - phone to check stock availability before travelling. The beauty of natural stone is that as a product of nature no two pieces are exactly alike or exactly the same colour. Inspect the material prior to installation to check the colour, veining, thickness, sizing and finish and prepare any blending required to meet owner/buyer approval prior to purchase/ installation. No claims will be accepted for any reason after material is installed.

Shannon Slate

Tobermore Ef-Stop

Every aspect of our product's performance is researched and optimised to provide an excellent long-lasting appearance. In respect to the challenge of efflorescence, we have invested in manufacturing technology which enables us to produce virtually efflorescence-free paving.

-  Tobermore cure products in a warm vapour atmosphere for 12 hours, which ensures that efflorescence is dramatically reduced
-  Vapour cured penetrates to the core of the paver

Tobermore PrimeTop

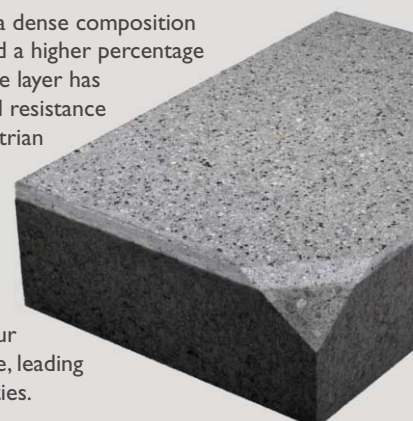

PrimeTop is the high performance feature which differentiates Tobermore from standard concrete paving.

Hard-wearing surface

The PrimeTop surface layer has a dense composition of finer aggregates, hard sand and a higher percentage of cement. This hardened surface layer has enhanced strength and increased resistance to wear and tear, for both pedestrian and vehicular traffic.

Aesthetic appeal and enhanced weathering

The PrimeTop surface layer contains a high concentration of pigment creating vibrant colour and exceptional UV performance, leading to enhanced weathering properties.

MADE FOR LIVING

The artificial grass experts

- A perfect lawn - all year round
- To order comes in 2m or 4m widths
- Delivered direct to your door from Namgrass

Whether you are looking for a tough lawn for your family, friends and pets or a luxury finish to enjoy bare foot on a sunny afternoon, Namgrass has the perfect look and feel. Offering the best materials and quality on the market, in an elegant variety of styles and colours creating beautiful lawns at a price you'll love.

All products come with a full 10-year warranty giving you ultimate peace of mind whichever lawn you choose.

Eden

Multi-green tones giving it a genuine natural grassy look. Ideal for busy families, pets or just ornamental.

Wessex

A great value product, Wessex is ideal to use on all landscaping areas.

Exbury Bright

With a dense thatched construction, deep pile and fresh looking fibres, this is the perfect choice for a high-traffic, family garden.

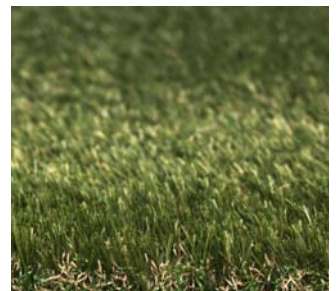

Downton

With a deep curled thatch, rich multi-tonal fibres and a longer pile, this is the perfect choice for anyone that loves to spend lots of time in their garden.

Eclipse

Enjoy the natural bounce of Eclipse with soft fibres and a generous pile height, Eclipse will have your garden looking and feeling lavish especially with its anti-shine yarn.

Elise

With a medium pile height, and high-density coverage, Elise is Namgrass' recommended artificial grass for high traffic areas and commercial properties.
